Public interface

organizational_constraint/5

compilation:
static
mode - number of solutions:
organizational_constraint(+list(actions),+modelstate,+instance_identifier,?
list(agent_identifiers),+callable) - zero_or_more

organizational_constraint/6

Contains the POPM constraints of the organizational perspective.

compilation:
static
mode - number of solutions:
organizational_constraint(+modal_prefix,+list(actions),+modelstate,
+instance_identifier,?list(agent_identifiers),+callable) - zero_or_more

organizational_constraints_conform/4

This predicate expects: instantiated Action(+var), instantiated ModelState(+list), instantiated Instance(+var) and free or instantiated AgentList(?list).

compilation:
static
mode - number of solutions:
organizational_constraints_conform(+action,+modelstate,?instance_identifier,?
list(agent_identifiers)) - zero_or_more

Protected interface

(none)

Private predicates
